

Water Resources Plan

June 26, 2025

Water Resources Plan

Objective:

Plan for a reliable and resilient water portfolio to meet future needs.

- Update 2019 WRP
- \$300K USBR Grant
- MWD CAMP4W
- 2025 UWMP

WRP Process

1. Forecast future water demands
2. Forecast water supply reliability
3. Identify potential water supply projects
4. Conduct weighted criteria evaluation
5. Create project implementation schedule
6. Public and Regional Partner Engagement

WRP Next Steps

- 1. Public engagement website launch**
- 2. Update Board on progress**
- 3. Regional partner coordination**
