DISTRICT OVERVIEW

District Background

The Downtown Property-Based Business Improvement District (the “PBID”) was originally formed in 1998 pursuant to the Property and Business Improvement District Law of 1994 (the “PBID Law”). It was renewed for 10 years in 2003, then another 10 years in 2012, and finally renewed again in 2022 for an additional 10 years. Assessments for the PBID can be levied through and including Fiscal Year 2031/32.

The original formation and each subsequent renewal were approved by the City of Long Beach (the “City”) City Council following an assessment ballot protest proceeding including the tabulation of property owner protest ballots and a public hearing.

The City Council appointed the Downtown Long Beach Alliance (formerly the Downtown Long Beach Associates, hereafter referred to as the “DLBA”) to make recommendations to the City Council on the expenditure of revenues derived from the levy of assessments, the classification of properties, and the method and basis of levying the assessments. The PBID budgets and policies are recommended to the City Council by the DLBA Board, composed of property and business owners located within the PBID.

This Annual Report is prepared pursuant to Section 36650(a) of the PBID Law and includes any proposed changes to the PBID boundaries, benefit zone boundaries, the basis and method of levying the assessments, and any changes to the classification of property.

District Boundary

The PBID boundary developed by the formation engineer as outlined in the June 2012 Engineer’s Report and then expanded to the south in the February 2022 Engineer’s Report encompasses approximately 70 blocks of the core of Downtown Long Beach which is bounded roughly by:

- South of Shoreline Drive to the Los Angeles River, including the Pine Avenue Circle
- Golden Shore to the west and
- Alamitos Avenue to the east.
- To the north, 3rd Street in the western part of the PBID, 8th Street in the central part and 4th Street in the eastern part.

In general, the boundary includes approximately 60 “whole blocks”, the remainder includes portions of blocks. The properties within whole blocks have all their street frontages included in the activities, i.e., all four street frontages. The properties within a portion of a block have only the street frontage of the property included in the PBID boundary that receives the PBID activities.

Benefit Zones

Two benefit zones were created to reflect two different levels of service. The deployment and frequency of clean and safe services in the Premium Zone will be greater than the deployment and frequency of clean and safe services in the Standard Zone. The benefit zones are delineated as follows:

Premium Service Zone includes most blocks in the central portion of the PBID bounded by Long Beach Boulevard to the east, 6th Street to the north, Pine and Pacific Avenues to the west and Ocean Boulevard to the south.

Standard Service Zone includes much of the western portion of the PBID bounded roughly by Pacific Avenue, 3rd Street, Golden Shore, Shoreline Drive and Ocean Boulevard. To the east, the standard zone is roughly bounded by Elm Avenue, 4th Street, Alamitos Avenue and Ocean Boulevard.

Maps of the district boundary and the benefit zones are provided on the following pages.

METHOD OF ASSESSMENT

Parcel Factors

Land Use Factor

Properties in the PBID are assigned a land use category, as further outlined below, and may be reassigned if a property's land use changes in subsequent years.

Commercial Property consists of parcels owned or leased by a profit-making entity (including property leased by a profit-making entity on a property owned by a public entity) and primarily used for commercial purposes including, but not limited to, retail, offices, restaurants, hotels/motels, medical/dental offices, surface parking lots, and undeveloped property zoned for commercial use.

Parking Structure Property consists of property containing a revenue-generating, stand-alone, wholly or partly enclosed structure for temporary parking and protection of one or more motor vehicles which are otherwise in active use. Parking garages integrated within a commercial or residential structure shall not be considered Parking Structure Property.

Residential (50+ Units) Property consists of high-density residential structures with fifty or more units used exclusively for residential rental purposes.

Residential (<50 Units) Property consists of parcels with low-density residential structures with less than fifty units, including individual condominium units.

Public/Non-Profit Property consists of parcels owned or used as follows:

- parcels owned by a state, regional, or city government entity and used for public purposes including, but not limited to, police/fire stations, parks, schools, and government office buildings.
- parcels owned by, or leased to, a public utility.
- parcels owned or primarily operated by non-profit entities, including churches, etc. The DLBA will make the determination of a parcel's non-profit status on an annual basis.

Land Use Factor for Each Property Land Use

The assignment of benefit points is based on the fact that each of the PBID programs provide certain benefits. The Environment Program provides improved aesthetic and increased safety benefits, and the Economy Program will provide increased economic benefits.

Environment Program (Clean Teams & Placemaking): Aesthetic Benefits

All assessable land uses receive an improved aesthetic benefit from the Clean Teams & Placemaking and are assigned one (1.00) Aesthetic Benefit Point. The total Clean Teams & Placemaking Land Use Factor assignment for each property land use is shown in the following table:

Property Land Use	Aesthetic Benefit Points	Total Clean Teams & Placemaking Land Use Factor
Commercial Property	1.00	1.00
Parking Structure Property	1.00	1.00
Residential (50+ Units) Property	1.00	1.00
Residential (<50 Units) Property	1.00	1.00
Public/Non-Profit Property	1.00	1.00

Environment Program (Safety Ambassadors & Homeless Outreach): Safety Benefits

All assessable land uses receive an increased safety benefit from the Safety Ambassadors & Homeless Outreach and are assigned one (1.00) Safety Benefit Point. The total Safety Ambassadors & Homeless Outreach Land Use Factor assignment for each property land use is shown in the following table:

Property Land Use	Safety Benefit Points	Total Safety Ambassadors & Homeless Outreach Land Use Factor
Commercial Property	1.00	1.00
Parking Structure Property	1.00	1.00
Residential (50+ Units) Property	1.00	1.00
Residential (<50 Units) Property	1.00	1.00
Public/Non-Profit Property	1.00	1.00

Economic Program: Economic Benefits

Commercial Property, Parking Structure Property, and Residential (50+ Units) Property each benefit economically from the Economic Program, although to varying degrees. Commercial Property benefits the most from the Economy Program and is assigned 1.00 Economic Benefit Point; Parking Structure Property is estimated to benefit half that of Commercial Property, as there are limitations on their ability to generate income; and large apartment buildings also have an economic interest, as for-profit enterprises, but are estimated to only benefit 25% the amount attributable to Commercial Property. The other property types do not benefit from the Economy Program. The total Economic Program Land Use Factor assignment for each property land use is shown in the following table:

Property Land Use	Economic Benefit Points	Total Economic Land Use Factor
Commercial Property	1.00	1.00
Parking Structure Property	0.50	0.50
Residential (50+ Units) Property	0.25	0.25
Residential (<50 Units) Property	0.00	0.00
Public/Non-Profit Property	0.00	0.00

Special Benefit Points

Frontage Special Benefit Points

Frontage is a primary assessment variable. All Clean Teams & Placemaking costs and one-half of the Safety Ambassadors & Homeless Outreach costs are allocated through linear frontage, acknowledging the benefit of these services is to make each individual assessed parcel's frontage cleaner and/or safer. Each parcel's frontage is converted into Frontage Special Benefit Points based by applying Zone Factors and Land Use Factors.

Environment Program (Clean Teams & Placemaking)

Each parcel's Clean Teams & Placemaking Frontage Special Benefit Points are calculated as follows:

$$\begin{array}{ccccccc} \text{Parcel's} & & \text{Clean} & & \text{Clean Teams \& Placemaking} & & \text{Parcel's} \\ \text{Frontage Ft} & \times & \text{Teams \& Placemaking} & \times & \text{Land Use Factor} & = & \text{Clean Teams \& Placemaking} \\ & & \text{Zone Factor} & & & & \text{Frontage Special Benefit} \\ & & & & & & \text{Points} \end{array}$$

Environment Program (Safety Ambassadors & Homeless Outreach)

Each parcel's Safety Ambassadors & Homeless Outreach Frontage Special Benefit Points are calculated as follows:

$$\begin{array}{ccccccc} \text{Parcel's} & & \text{Safety} & & \text{Safety} & & \text{Parcel's} \\ \text{Frontage Ft} & \times & \text{Ambassadors} & \times & \text{Ambassadors \& Homeless} & = & \text{Safety Ambassadors \& Homeless Outreach} \\ & & \text{\& Homeless} & & \text{Outreach Land} & & \text{Frontage Special} \\ & & \text{Outreach} & & \text{Use Factor} & & \text{Benefit Points} \\ & & \text{Zone Factor} & & & & \end{array}$$

Lot + Building Special Benefit Points

The sum of lot and gross building square footage is the assessment variable for one-half of the Downtown Safety Guide costs and the full cost of Economy Program. The economy activities are designed to improve image, occupancy, sales and business retention and recruitment to applicable land uses. Each of these parcel's lot and gross building square footage will specially benefit from the increased economic activity. One-half of Downtown Safety Guide costs are allocated to lot and gross building square footage acknowledging that each assessed parcel's square footage specially benefits from a safer environment for its employees, residents, and visitors both on the street level and within buildings. Each parcel's lot plus gross building square footage is converted into Lot + Building Special Benefit Points based by applying Zone Factors and Land Use Factors.

Environment Program (Safety Ambassadors & Homeless Outreach)

Each parcel's Safety Ambassadors & Homeless Outreach Lot + Building Special Benefit Points are calculated as follows:

$$\begin{array}{ccccccc} \text{Parcel's} & & \text{Safety} & & \text{Safety} & & \text{Parcel's} \\ \text{Lot Sq Ft +} & \times & \text{Ambassadors} & \times & \text{Ambassadors \& Homeless} & = & \text{Safety Ambassadors \& Homeless Outreach Lot +} \\ \text{Building Sq Ft} & & \text{\& Homeless} & & \text{Outreach Land} & & \text{Building Special Benefit} \\ & & \text{Outreach} & & \text{Use Factor} & & \text{Points} \\ & & \text{Zone Factor} & & & & \end{array}$$

Economy Program

Each parcel's Economy Lot + Building Special Benefit Points are calculated as follows:

$$\begin{array}{ccccccc} \text{Parcel's} & & \text{Economy} & & \text{Economy Land} & & \text{Parcel's} \\ \text{Lot Sq Ft +} & \times & \text{Zone Factor} & \times & \text{Use Factor} & = & \text{Economy Lot + Building} \\ \text{Building Sq Ft} & & & & & & \text{Special Benefit Points} \end{array}$$

Special Considerations

Further detail on the below list of special considerations can be found in the February 2022 Engineer's Report.

- Publicly-Owned Parcels
- Parcels with Multiple Land Uses
- Parcels Sharing a Common Lot
- Parcels with Frontage in Two Zones of Benefit
- Parcels with Multiple Land Uses that have Frontage in Two Zones of Benefit
- Parcels Sharing a Common Lot that has Frontage in Two Zones of Benefit

Assessment Rate Development

Assessment per Special Benefit Point

Environment Program (Clean Teams & Placemaking) Assessment

The assessment per Clean Teams & Placemaking Frontage Special Benefit Point is calculated by dividing the total Environment Program (Clean Teams & Placemaking) Costs to be Assessed by the total Clean Teams & Placemaking Frontage Special Benefit Points assigned to the parcels within the PBID.

Environment Program (Clean Teams & Placemaking) Costs to be Assessed / Total Clean Teams & Placemaking Frontage Special Benefit Points =

Assessment Rate per Clean Teams & Placemaking Frontage Special Benefit Point

Environmental Program (Safety Ambassadors & Homeless Outreach) Assessment

The assessment per Safety Ambassadors & Homeless Outreach Frontage Special Benefit Point is calculated by dividing 50% of the Environment Program (Safety Ambassadors & Homeless Outreach) Costs to be Assessed by the total Safety Ambassadors & Homeless Outreach Frontage Special Benefit Points assigned to the parcels within the PBID.

50% of Environment Program (Safety Ambassadors & Homeless Outreach) Costs to be Assessed / Total Safety Ambassadors & Homeless Outreach Frontage Special Benefit Points =

Assessment Rate per Safety Ambassadors & Homeless Outreach Frontage Special Benefit Point

The assessment per Safety Ambassadors & Homeless Outreach Lot + Building Special Benefit Point is calculated by dividing 50% of the Environment Program (Safety Ambassadors & Homeless Outreach) Costs to be Assessed by the total Safety Ambassadors & Homeless Outreach Lot + Building Special Benefit Points assigned to the parcels within the PBID.

50% of Environment Program (Safety Ambassadors & Homeless Outreach) Costs to be Assessed / Total Safety Ambassadors & Homeless Outreach Lot + Building Special Benefit Points =

Assessment Rate per Safety Ambassadors & Homeless Outreach Lot + Building Special Benefit Point

Economy Program Assessment

The assessment per Economy Lot + Building Special Benefit Point is calculated by dividing the total Economy Program Costs to be Assessed by the total Economy Lot + Building Special Benefit Points assigned to the parcels within the PBID.

Economy Program Costs to be Assessed / Total Economy Lot + Building Special Benefit Points =

Assessment Rate per Economy Lot + Building Special Benefit Point

Method of Assessment

The method of assessment is based upon a formula that assigns the proportional special benefit to each parcel. No assessment will be imposed on any parcel that exceeds the reasonable cost of the proportional special benefit conferred on the parcel. Each parcel's assessment is the sum of the components described above.

Current Year Actual Assessment Rates

For 2023/24, the PBID Board approved the creation of the district at the below rates.

Category	Actual Rates 2023/24	
	Standard Zone	Premium Zone
Frontage	\$17.3037	\$24.1584
Commercial	0.0621	0.0687
Parking Structure	0.0409	0.0474
Public/Non-Profit	0.0196	0.0262
Residential (<50 Units)	0.0196	0.0262
Residential (50+ Units)	0.0303	0.0368

Current Year Maximum Assessment Rates

The maximum assessment rates increase each year by 5% over the prior year's maximum assessment rates. The actual assessment rates in any year may be less than or equal the maximum assessment rates. The actual assessment rates cannot exceed that year's maximum assessment rates.

Category	Maximum Rates 2023/24	
	Standard Zone	Premium Zone
Frontage	\$17.3865	\$24.2740
Commercial	0.0624	0.0690
Parking Structure	0.0411	0.0477
Public/Non-Profit	0.0197	0.0264
Residential (<50 Units)	0.0197	0.0264
Residential (50+ Units)	0.0305	0.0370

Proposed Changes

There are no proposed changes to the boundaries, the benefit zones, or the assessment methodology of the PBID.

BUDGET

District Budget

The District budget for Fiscal Year 2023/24 has been submitted to the City Council and is, by reference, made part of this report. In accordance with the District's February 2022 Engineer's Report, budgeted costs of \$4,141,275.13 will be recovered.

Environment Program Budget Description	FY 2023/24 Budget
Environment Program (Clean Teams & Placemaking)	\$1,437,347.63
Environment Program (Safety Ambassadors & Homeless Outreach)	1,111,174.78
Administration and Reserves	446,110.29
Total FY 2023/24 Environment Operating Costs	\$2,994,632.70

Economy Program Budget Description	FY 2023/24 Budget
Economy Program	\$997,939.00
Administration and Reserves	148,703.43
Total FY 2023/24 Economy Operating Costs	\$1,146,642.43

The budget approved by the DLBA Board estimated gross assessment revenue of \$3,937,022.84 for 2023/24. Contributions for General Benefit will cover the remaining \$204,252.29.

Description of Revenue Source	FY 2023/24 Revenue Amount
Assessment Revenue	\$3,937,022.84
Contributions for General Benefit	204,252.29
Total FY 2023/24 Anticipated Revenue	\$4,141,275.13

See the Assessment Roll in the final section of this Report for a detailed listing of current year assessments.

Surplus or Deficit Carryover

Any annual budget surplus or deficit will be rolled into the following year's PBID budget. At this time, we are budgeting zero BID surplus or deficit carryover from previous fiscal years. Assessments will be set accordingly, within the constraints of the annual adjustment, to adjust for surpluses or deficits that are carried forward. Note that the PBID will maintain a reasonable Operating Reserve estimated at approximately 3% of the PBID operating budget.

General Benefit

The formation engineer estimated the general benefit of the PBID improvements and activities to be 2.09% for the Environment Program and 15.13% for the Economy Program. Thus 2.09% of the Environment budget and 15.13% of the Economy budget must be funded from sources other than assessments.

Contributions from Other Sources

Other sources will include revenue from DPIA, sponsorship revenue, contracts, grants and earned income.

Parking Meter - \$300,000

Corporate Grants - \$30,000

Events - \$95,000

Contracted Services - \$690,150

DOWNTOWN LONG BEACH PROPERTY-BASED BUSINESS IMPROVEMENT DISTRICT

2023 – 2024 Program

The improvements and activities described in this Section are those developed by the DLBA and the formation engineer as outlined in the February 2022 Engineer's Report.

Environment Program

The Environment Program has two components: Clean Teams & Placemaking and Safety Ambassadors & Homeless Outreach.

Clean Teams & Placemaking

Clean Teams sweep and pressure wash sidewalks, sweep gutters, remove litter, graffiti, and stickers, remove weeds, provide light landscaping, and spot cleaning as needed. Placemaking projects and initiatives are used to make Downtown more visually attractive, enhance the sense of place, and celebrate the unique culture of the City. Such activities can include, but are not limited to, activating outdoor spaces, planting trees, signage, festive lighting, wayfinding, and public art.

The PBID is comprised of two zones of benefit, differentiated by the frequency of Clean Teams & Placemaking services as follows:

Service	Standard Zone	Premium Zone
Sidewalk and Gutter Sweeping	7 Days per Week	7 Days per Week
Machine Sweeping	7 Days per Week	7 Days per Week
Pressure Washing	Every 4 Weeks	Once per Week
Graffiti and Sticker Removal	Daily	Daily
Weeding/Light Landscaping Work	Daily	Daily
Spot Cleaning	As Needed	As Needed
Maintenance of Placemaking Projects	As Needed	As Needed

Aesthetics is a primary component of livability, which encompasses several qualities and characteristics that are unique to a specific area and applies to both businesses and places of residence. The Victoria Transport Policy Institute (2011) expands on the concept of livability and the various benefits associated with that designation:

“The livability of an area increases property desirability and business activity. Livability is largely affected by conditions in the public realm, places where people naturally interact with each other and their community, including streets, parks, transportation terminals and other public facilities. Livability also refers to the environmental and social quality of an area as perceived by employees, customers and visitors. This includes local environmental conditions, the quality of social interactions, opportunities for recreation and entertainment, aesthetics, and existence of unique cultural and environmental resources.”

The PBID services and activities increase the aesthetics, appearance, and desirability for properties within the proposed boundaries of the PBID.

The sidewalk sweeping/pressure washing services and other cleaning services are designed to improve the visual appearance of immediately surrounding properties within the PBID. It is believed

a cleaner environment is more aesthetically pleasing. Research shows that when areas where consumers conduct business are more aesthetically pleasing, they are also more desirable (Vilnai-Yavetz, 2010). Therefore, several of the proposed services will confer aesthetic benefits, as these services will enhance the overall image, desirability, and livability of the properties within the PBID.

Uniformly provided services and activities within each Zone of Benefit will create cohesion throughout the PBID. This cohesion will enhance the retail and residential experience as well as encourage maximum use of property. A uniform maintenance program within each Zone of Benefit will allow for consistent and reliable maintenance throughout the PBID boundaries.

According to the Victoria Transport Policy Institute (2011), streetscapes have a significant effect on how people view and interact with their community. With streetscapes that are clean and inviting, people are more likely to walk, which can help reduce automobile traffic, improve public health, stimulate local economic activity, and attract residents and visitors to the community.

Maintained sidewalks will enhance the community identity of the PBID, which will lead to a stronger and healthier business environment. The overall appeal of the PBID is enhanced when services and activities are provided. Conversely, appeal decreases when sidewalks are not well-maintained or destroyed by the elements or vandalism.

Safety Ambassadors & Homeless Outreach

Safety Ambassadors provide a daily presence in the PBID, either on foot or wheels, to enhance the sense of safety, help to prevent crime, provide safety escorts, assist with nuisance calls, and report more serious issues to law enforcement. Additionally, Safety Ambassadors provide information on Downtown activities and attractions to visitors.

Under the direction of a new Homeless Outreach Manager, the team will also provide more robust assistance to unhoused individuals in the PBID, collaborating with social service agencies, non-profits, and City departments to address the needs and connect individuals to services and housing.

The PBID is comprised of two zones of benefit, differentiated by the frequency of Safety Ambassadors & Homeless Outreach as follows:

Service	Standard Zone	Premium Zone
Foot Patrols	n/a	10-12 Passes per Day
Wheeled Patrols	As Needed	As Needed
Visitor Services, Safety Escorts, Motor Assists	Daily	Daily
Homeless Outreach	7 Days per Week	7 Days per Week

Research has shown that business improvement districts that provide security services, like the proposed PBID, have been successful in reducing crime rates (Brooks, 2005). Security patrols can be used to "reinforce social control and mitigate criminal activities" (Hoyt, 2005). Based on this research, the Safety Ambassadors & Homeless Outreach should help increase safety. The increased safety should be experienced by both residential and non-residential properties. Research shows there are safety benefits related to living in or near a commercial area managed by a business improvement district (Hoyt, 2005).

Economy Activities

The economy activities are designed to improve image, occupancy, sales and business retention and recruitment to applicable land uses. Each of these parcel's lot and gross building square footage will specially benefit from the increased economic activity.

DLBA's economic development team acts as a liaison between public and private sectors, building relationships, and assisting with business recruitment and retention in Downtown Long Beach. The team also produces reports and analysis on the economic state and profile of Downtown to inform stakeholders, policymakers, and those who might be interested in investing in Downtown.

DLBA's economic development team was critical during COVID-19, helping to keep businesses informed and connected with available resources. DLBA led a citywide survey assessing COVID-19's impact on businesses, partnered with Farmers & Merchants Bank to launch a grant program providing COVID-19 relief for small businesses, and transitioned education series and workshops online.

One of the top priorities from stakeholder outreach was to help fill vacant storefronts in Downtown. DLBA will work with partners to address this by:

- Assisting new and existing businesses in accessing resources and working through City processes;
- Developing a tailored marketing campaign to the regional leasing and tenant communities to elevate the awareness of Downtown;
- Finding creative ways to activate vacant or underutilized spaces;
- Helping to facilitate affordable platforms for entrepreneurs; and
- Assisting the downtown office market in evolving to meet new realities.

Included in the economic development budget is a new position for a Downtown Business Navigator: This position is envisioned as a near term opportunity to support Downtown's economic recovery through direct and tailored support to existing businesses and encouragement of new entrepreneurs. This position will be hands on and proactively seek to build relationships with diverse Downtown businesses and entrepreneurs who are new to the Downtown Long Beach market. This position will also work closely with the City of Long Beach Economic Development Department and will help businesses (with a focus on storefront and office tenants) to navigate City processes and keep them informed of new financial and technical assistance resources.

Marketing and special events enhance the image of Downtown Long Beach and help to attract- and provide an enjoyable experience -for visitors and locals, which in turn provides collective benefit to businesses and property owners. During COVID-19, DLBA's marketing team ramped up communications to share information about health protocols, encourage support for open businesses, and promoting positive stories of the community coming together.

DLBA's marketing and special events teams are dedicated to:

- Increasing awareness of and promoting of Downtown Long Beach, through a variety of communications channels including social media, the DLBA website, and strategic advertising campaigns;
- Promoting businesses, activities, and events happening in Downtown; and

- Keeping stakeholders informed of DLBA's services and other policies and important matters affecting the District.

The new strategic plan is anchored by five goals:

1. Master the fundamentals, ensuring a model clean and safe program for Downtown;
2. Strengthen existing businesses and encourage entrepreneurship and innovation in Downtown;
3. Market and promote Downtown as a whole and as a collection of unique neighborhoods;
4. Showcase the beauty, creativity and unique sense of place in Downtown for all to enjoy;
5. Be a leading voice in planning for the future of Downtown.

Grounded in the findings of the strategic plan, the primary changes to the PBID will:

- Support a more robust clean and safe initiative that adds new services;
- Catch up to and anticipate increasing labor and equipment costs;
- Create new approaches to help address downtown's unhoused population; and
- Increase DLBA's capacity to assist small businesses and office properties recover from the Covid-19 pandemic, plus provide adequate resources to support marketing, placemaking and other activities that aim to bring prosperity and vitality to Downtown.

Administration, & Reserves

Administration and reserves are included in the PBID budget. Examples include:

- Communications to keep all Downtown stakeholders informed of policies, issues, challenges and opportunities;
- Advocacy for resources and initiatives that enhance community benefit;
- Accounting and financial reports;
- Program support costs including supplies, equipment and rent;
- A delinquency reserve estimated at 3% of assessments;
- Other administration costs associated with the overhead and support of programs.

To reduce administrative costs, increase leveraging of funds, and to avoid duplication of enhanced services, the PBID will continue to be managed by the DLBA to deliver day-to-day services. DLBA can leverage PBID assessments with additional revenues, including Downtown Parking and Business Improvement Area (DPIA) fees, sponsorship revenue, contracts, grants and earned income.

ASSESSMENT ROLL

The table below provides a summary of the 2023/24 levy:

Land Use Type	Premium Levy	Standard Levy	Total Levy ⁽¹⁾
Commercial	\$1,105,949.46	\$1,255,785.33	\$2,361,734.79
Parking Structure	138,205.25	118,610.76	256,816.01
Public/Non-Profit	91,320.78	332,641.72	423,962.50
Residential (<50 Units)	114,853.89	378,187.35	493,041.24
Residential (50+Units)	164,587.43	236,880.87	401,468.30
Totals	\$1,614,916.81	\$2,322,106.03	\$3,937,022.84

(1) Slight variance due to rounding.

The Table below provides a breakdown of the Fiscal Year 2023/24 levy amounts placed on the County of Los Angeles Property Tax Roll, the State Board of Equalization Roll (for public utilities) and those billed directly to parcel owners:

Method of Levy	Levy Amount
County of Los Angeles Property Tax Roll	\$3,006,939.56
Direct Bill ⁽¹⁾	913,130.13
State Board of Equalization Roll (SBE) ⁽²⁾	16,953.15
Totals	\$3,937,022.84

(1) These parcels are owned by the City of Long Beach, LACMTA, Long Beach Transit, the State of California, USPS, the US Government, and the Judicial Council of California.

(2) These parcels are owned by Southern California Edison.

The following pages contain the 2023/24 assessment roll for the PBID.
