Subject: Item 5 for Planning Commission Meeting 7-18-24 - LBYC

-EXTERNAL-

I am a Long Beach resident and would like to express my support for the Long Beach Yacht Club's enhancement project.

Over the past two years, the Long Beach Yacht Club has worked to design an enhanced, better functioning clubhouse that will be a great benefit to LBYC members and the Long Beach community. For years it has needed an update, and I am very happy to see the plans they have for the future.

The City of Long Beach will also greatly benefit from this new project which will create a direct economic impact of over \$22 million annually, and an indirect impact of more than \$34 million. Long Beach is known for excellent sailing and will be hosting the 2028 Olympic sailing competition.

I respectfully urge you to approve the LBYC's enhancement project.

Thank you for your consideration of this important project.

All the best,

Michele Grubbs
