Subject: 5910 Cherry Item #4

-EXTERNAL-

Hello,

The new site plan that might be developed on 5910 Cherry Ave would greatly affect my family. I have 2 small children and Cherry Ave as it is, is already extremely busy. Adding a new development like this would add dangerous traffic, noise and pollution.

Please reconsider and not put such a huge warehouse and trucks that will only make our area more dangerous and decrease my home value. This is a family oriented community that we want to keep that way.

Thank you,
Violeta Navar
