Subject: No on agenda item 18

Dear Mayor Richardson and City of Long Beach City Council members,
My name is Kathryn Levassiur. I am a resident and homeowner in Huntington Beach. I'm writing to you in opposition of agenda item#18 by Fourth District Councilmember Daryl Supernaw. While there has been some recent nuisance activities in the fourth district, I recommend targeting the specific property owners of the disturbances and not throw out the proverbial baby with the bathwater. No one wants disturbances in their neighborhoods.

Short term rentals gives visitors to Long Beach more options for places to stay, which generate visitor paid lodging taxes and are good for local neighborhood businesses. Please take a smarter approach over a blanket approach to this acknowledge issue and vote no on agenda item 18 To come back with a more specific plan. Thank you.
