Subject: Application for Tasting License - Operation Statement

To Whom It May Concern,

I am writing to inform you that Corked is applying for a tasting license (ABC Type 86) to enhance our services and offerings. Our store hours of operation under our current license (ABC Type 21) will remain unchanged; and they are as follows:

Monday: 10:00AM to 9:00PM

Tuesday to Thursday: 10:00AM to 10:00PM

Friday and Saturday: 10:00AM to 11:00PM

Sunday: 10:00AM to 10:00PM

However, we intend to introduce tasting operations during the store's business hours.

The addition of tasting services is expected to positively impact our business revenue and contribute to the economic growth of neighboring establishments. To maintain a safe environment for our patrons, we will have security personnel on duty during tasting hours. Additionally, please note that our premises strictly admit individuals over the age of 21.

Under our current type 21 license, our customers walk around the store, pick the products that they would like to purchase and proceed to the cashier to pay for them then they leave the store.

Under Type 86 license, our customer will be greeted at the door and introduced to the products that they will be tasting, then they will be directed to the Wine Cellar where a vendor will be serving samples of alcoholic beverage to the customers. There will be no seats for customers. Customers will taste the beverage and walk back to the store and purchase an unopened beverage if they desire to for off-site consumption. On-site consumption would not be allowed.

We look forward to your favorable consideration of our application.

Thank you for your attention.

Sincerely,

Hosam Khezam
